Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 individual / \$1,000 family	Generally, you must pay all of the costs from provider up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care , Coalition Health Center visits, prescription drugs and preventive dental care are covered when services are provided by a Preferred Provider before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$25 individual / \$50 family for dental services (waived for preventive care). There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	Medical: For Preferred Provider \$4,500 individual / \$9,000 family; for Non-Preferred Provider \$12,000 individual / \$24,000 family. Prescription Drugs: \$4,950 individual / \$9,900 family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, health care this plan doesn't cover and charges for services provided at the Coalition Health Center.	Even though you pay these expenses, they do not count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.aetna.com/docfind and select "Aetna Choice® POS II (open access)" for a list of network providers . AK Regional Hospital, Surgery Center of Anchorage and Mat-Su Regional Medical Center are the Preferred Hospitals in Anchorage and the Mat-Su Borough. Transcarent (formerly BridgeHealth)	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. Participants will only be liable for the in-network cost of non-network emergency services, non-network providers at in-network facilities,
